

Backtrack U.S. Line Of Defense

Four Years After Winning Mastery in Pacific West Coast Is Headquarters

By Leif Erickson

PEARL HARBOR, March 17—(AP)—Only four years after winning mastery of the Pacific from Japan, the United States is backtracking its main defense line on this great ocean to its own west coast.

The one weapon not being cut down in the Pacific is the submarine.

Pacific commanders here decline discussion, but obviously the line they would like to man and hold is as far from the U. S. mainland and as close to Asia as possible.

Under present and contemplated budgets, however, forces left for the Pacific are too scanty for maintenance of a distant line. Supply and shipping costs would be tremendous to maintain in Japan, Okinawa and the Marianas, the kind of perimeter defense which Pacific commanders would like.

With priorities concentrated on Europe, the Mediterranean and elsewhere, the Pacific's role in the cold war strategy seems even more secondary than in World War II.

A Prize Target

American military observers here—where the memory of December 7, 1941, is still green—agree the west coast's industrial and plane-producing belt would be the prize target for an enemy surprise attack by long-range bombers or submarine-launched guided missiles.

With expense as a controlling factor in Pacific deployment, they feel the best defense that can be afforded against such attack is to concentrate major defending elements right on the potential target and in Alaska.

Steady outcrops of air and naval forces based in Hawaii and westward are evidences of this. Last week Adm. DeWitt C. Ramsey, Pacific fleet commander, announced navy and marine Pacific air headquarters were moving from Hawaii to San Diego.

From Hawaii To San Diego

The commands have no forward forces, and the overhead decreases as the supply line is shortened. The air force is sending back to the mainland its 81st Fighter Wing, the last in the Pacific command.

As air intercepting forces, Hawaii has left one Air National Guard squadron of 25 overseas F-47 Thunderbolts and a navy all-weather fighter training unit.

In 1941, when Japan was the Pacific fleet commander had four big carriers and 13 battleships based on Pearl Harbor.

No Battleships in Hawaii
In the current cold war status with Russia, no carrier or battleship is based in Hawaii. In fact, only two first-line carriers are operating in the Pacific. Both—the Boxer and Valley Forge—are based on the west coast.

It is known that in China and Japan waters there now are no more than four cruisers, one small escort carrier and a small force of destroyers.

Observers estimate no Far East enemy could project a serious surface threat in the Pacific.

The Russians are reputed to have many German-developed "Schnorkel" type high-speed submarines, but the U. S. Navy is not cutting down on its Pacific submarines.

Pearl Harbor remains a full-scale submarine base.

Accepts Call to Carthage

Freezing Rain, Sleet Return To Missouri

Storm May Result In Accumulation of Ice in Midwest

KANSAS CITY, March 17—(AP)—A return of sleet, freezing rain and possibly light snow was forecast for a large part of Missouri and southeastern Kansas.

The district forecast center of the weather bureau issued a bulletin at 11 a. m. warning of a storm center developing over southeastern Oklahoma and western Arkansas.

The bulletin said this storm will cause sleet or freezing rain in central and northern Missouri and southeastern and extreme eastern Kansas this afternoon, tonight and Friday morning.

It may result in a heavy accumulation of ice in the middle sections of Missouri and southeastern Kansas and may produce slippery and hazardous highways.

Light snow was seen as a possibility in northern Missouri.

Lower temperatures are expected to accompany the storm, with lows of 22 to 28 in the north to 28 to 35 in the south.

Cold Over Many Areas

CHICAGO, March 17—(AP)—March kept blowing a batch of cold, wet weather over many areas of the country today.

But temperatures moderated over the southland and stayed above freezing in the early morning hours. Yesterday's frosty weather caused heavy damage to fruit and vegetable crops in some parts of Dixie.

There was a reinforcement of cold air from central Canada into the midwest and the mercury dropped to below zero in lower Michigan. It was near zero in North Dakota and northern Minnesota.

A wet belt extended from the new England states southward to the Texas panhandle. There was rain in the central section over the Ohio river valley. Freezing rain or drizzle was reported in central Missouri and central Ohio.

A small tornado hit five miles east of Sebastopol, Calif., yesterday. Fruit trees were uprooted and several buildings damaged. There were no injuries.

Guests Routed From Hotel During Fire

MINNEAPOLIS, March 17—(AP)—Forty guests were routed as fire early today swept the Majestic hotel building to burn out five business firms and the hostelry with loss estimated at \$500,000.

Flames spread rapidly through the three-story structure and within one hour were shooting high into the air through the roof to attract thousands of spectators. The hotel building, at Hennepin avenue and 7th st., was called a total loss by George Lockhart, fire chief who made the damage estimate.

64 War Orphaned Children Arrive Here From Germany

NEW YORK, March 17—(AP)—They trooped down the steps from the plane, a little hesitantly, carrying small blue boxes. Everything they owned was in those boxes.

There were 66 of them, war-orphaned children brought here from Germany to enter foster homes.

An attendant offered 6-year-old Erna Kulmanis a plate of pot roast. She started to cry. She didn't know what it was.

Reds Return 26-Year-Old Warship to US

Leave Cruiser Before U. S. Colors Raised; Filthy Below Decks

PHILADELPHIA, March 17—Speculation on why the Russians left the cruiser Milwaukee before U. S. colors were raised and reports of filthy conditions below decks followed in the wake of the ship today as she moved up the Delaware river to Philadelphia.

The Russians returned the 26-year-old warship to the United States yesterday at sea off Lewis, Del. She was the first of the vessels loaned the Soviet Union during the war to be returned to this country. The navy has announced the Milwaukee will be scrapped immediately.

After the ceremony, the freighter Molotov which escorted the Milwaukee—renamed Murnansk by the Russians—departed for Russia with the cruiser's crewmen aboard.

The ship's transfer was delayed 15 days. A navy spokesman said much of the delay resulted from "miserable weather conditions" brought on by high winds.

Hauled Flag Down

The Russians hauled down the hammer and sickle shortly before 3 p. m., Eastern Standard Time. Then they promptly moved off the Milwaukee onto the Molotov.

Their transfer was completed before the Americans raised the Stars and Stripes. The Russians thus did not have to salute the U. S. colors.

A navy spokesman said that could have been an insult but added it did not necessarily mean that the Russians refused to salute the American flag.

"It's strictly a guess," he said. He explained that the Soviets were anxious to get aboard the Molotov and back to Russia.

"After all," he said, "they had been delayed 15 days."

Reporters Barred

No reporters were permitted aboard the Milwaukee during the Russian flag-lowering ceremony. A lone newsreel photographer was on hand, however, and his cameras recorded the scene.

An hour and a half later, the Americans raised the U. S. ensign, and this time newsmen were on hand. Some went below decks to take a look.

They reported the ship was "dirty" and "filthy" below decks, particularly in the crewmen's quarters. They said the officers' quarters were clean.

Elsewhere on the ship, they added, rats and cockroaches were seen; there were foul odors.

But, said one naval authority, most foreign vessels are not as spic and span as American naval craft. Many foreign ships have unpleasant odors. He pointed out that Russians eat a lot of fish and that this may have caused the odor.

Topside the vessel was bright, shining and freshly painted.

Motorist Wore Only A Crew Haircut

GLENDALF, Calif., March 17—(AP)—This is the story of a wolf in no clothing.

Miss Veda Davis, 23-year-old nurse, told police that a youth drove his car along the curb last night and asked her politely "Which way is Montrose?" At first not knowing what he had a crew haircut she replied: "About two miles that way."

Then she saw that a crew haircut was all the young man had on. He started climbing out of the car, apparently more interested in getting to Miss Davis than Montrose.

She dashed into a nearby house and called police. The nudist had fled by the time the law arrived.

Motorist Wore Only A Crew Haircut

ST. LOUIS, March 17—(AP)—Police said today they had solved the killing of a city detective who was shot to death as he walked in on a pawnshop holdup Wednesday morning.

Chief of Police Jeremiah O'Connell said two young Negroes who were caught in East St. Louis less than four hours after the shooting—on the hunch of a quick-witted detective—signed statements early today admitting their part in the crime.

Motorist Wore Only A Crew Haircut

NEW nine-year-old Anatolija Trivonova said: "I want to work. I will wash floors and windows."

Flown here under auspices of the international refugee organization, the homeless children arrived yesterday at New York International airport.

The curly-haired youngsters hugged each other, and tears streamed down their cheeks.

Few of them spoke English. At the center of the U. S. Committee for the Care of European Children, where they will await assignment to foster homes through religious agencies, the children were given lunches and oranges.

They stared at the fruit, not knowing how to eat it. Attendants showed them how.

Christopher Will Support 75c Minimum Wage Bill

By Charles Haslet

WASHINGTON, March 17—(AP)—Rep. Christopher (D-Mo.) said today he will support the 75 cents an hour minimum wage proposal recommended by the House Labor committee.

"If we keep 60,000,000 Americans employed at good wages and keep a floor under major farm products at 90 per cent parity, we will not have another depression," the Missouri farmer-congressman told a reporter.

"The only customer in the world the farmer has for his food and fiber that does not ask the government of the United States to lend him the money before he buys them is the American laborer," he said. "Anyone else wants to borrow the money first and then buy."

There are very few industries which are not already paying their workers at least 75 cents an hour, he said.

The pending legislation, he emphasized, does not apply to small businesses but to those principally which gross \$500,000 a year or more.

Furthermore, he said, agricultural and fisheries industries are exempt.

Kiwanis Club Recognizes The Girl Scouts

Yount Reports On Party in California, Mo.

The Sedalia Kiwanis club program in Bothwell hotel Thursday noon, was devoted to recognition of the Girl Scouts 37th anniversary. Mrs. A. R. Beach led a group of the Singing Scouts in several numbers following which Mrs. A. A. Studebaker gave a talk concerning the Girl Scout budget, camp activities and expectations for the future growth of the organization locally.

J. T. Alexander was program chairman. T. H. Yount reported on the California charter night party which was attended by the following Kiwanians and Kiwanettes: Messrs. and Mesdames Clyde Heynen, Ed McLaughlin, Kenneth Miller, A. R. Rush, Robert Malone, Roland Luster; also Bert Hathaway, Herbert Schrankler, Elmer Sterling, Mr. Yount, David Eisenstein and Clinton Miller.

Announcement was also made of a district Kiwanis fish fry to be sponsored by the Versailles club on April 22.

Guests today were: William Courtney, former Sedalia Kiwanian, no wof Mexico, Mo.; and Kiwanian E. L. Russell, Clinton, with Marvin J. Elsea.

Worried Over 'End of World'

By Richard O'Regan

FRANKFURT, Germany, March 17—(AP)—A minor panic gripped backward rural areas of western Germany today over rumors of the "end of the world."

The rumors that today is the last day for mankind have been growing throughout Germany for several weeks. They have been based upon a publicized prediction of an astrologer whom nobody can identify.

Most city dwellers went gaily about their work but reports from Bavaria said superstitious country folk were flocking to churches and making their wills.

In the Bavarische Wald (Bavarian woodland), a furious gizzard last night cut electric cables and caused considerable excitement, reports from Passau said.

The reports said altars were put up in homes and churches were jammed with people who prayed for hours and refused to be calmed by priests.

The official weather station at Ried near Passau said it had received many calls from frightened folk asking the exact hour of the expected catastrophe.

Irishman Spends St. Patrick's Day in Jail

LOS ANGELES, March 17—(AP)—Here's one Irishman who won't celebrate St. Patrick's day in jail because he took a locomotive out on a foot.

Police testified in court yesterday that Edward O'Sullivan, 28, strolled down to the railroad yards, spotted a diesel engine, climbed aboard and applied the throttle. He was charged with tampering with a locomotive.

Railroad officials said the excursion tangled yard traffic. Judge Louis J. Kaufman said 180 days.

Automobile Agency Safe is Blown

POCAHONTAS, Ark., March 17—(AP)—A safe in the office of the McCall Chevrolet Agency here was blown open some time last night and the thieves took about \$600 in cash as well as an undetermined amount in checks.

The Arkansas Highway Patrol was notified of the robbery and is sending experts here to conduct an investigation.

Sheriff Carl Brown said the robbery was discovered about 6:30 this morning, when employees of the company went to work.

Injured By Explosion

MACON, Mo., March 17—(AP)—An explosion damaged a Skelgas company building and injured a company employee, Clifford Bailey, here yesterday.

Bailey suffered burns on the face and arms.

Better Schools Mean New Tax Says Educator

Legislative Group Hears Missouri is Behind Other States

JEFFERSON CITY, March 17—(AP)—"If we want better schools, there's just one way to do it—that's to raise taxes."

Dr. Virgil Cheek of Springfield came right out and said it last night. He is first vice president of the State Teachers association and head of the commerce department at Southwest State college.

He was talking to a House committee on constitutional amendments about a plan to give \$100 state aid for every pupil attending public school.

Cheek said Missouri is far below other states in the amount of state aid for each pupil, in the amount of salary paid to teachers—and in the amount of state taxes.

\$55 Per Child

On the basis of present enrollment, Cheek said Missouri pays about \$55 per child. That comes from one-third the state's general revenue, or around \$30,000,000 a year.

The \$100 constitutional amendment plan by Rep. W. D. Cruce (R) of Cedar county would raise an estimated \$52,000,000 state aid, Cheek figures.

Rep. C. P. Turley (D) of Carter county, Democratic floor leader, objected to freezing an exact amount in the constitution. When times change, he said, the high rate will still be there.

C. W. Parker, Ava teacher, agreed with him. He said the amount of state aid should be left to the legislature.

Another Hearing Next Week

The committee plans another hearing on the problem next week.

A senate committee also heard testimony last night on another constitutional amendment involving school finance.

The committee was told Missourians are not giving democracy a chance to work when one-third of the people can dictate to the other two-thirds whether a school levy shall be increased.

Earl Gray, superintendent of schools at Brookfield, told the committee he favored a constitutional amendment making it easier for school districts to raise their tax levies.

The amendment would let school districts vote an increase in the levy for one year by a majority vote. Now a two-thirds vote is required for a four-year levy.

Further hearings will be held next Wednesday night.

Dogs do Have Something, But Not Mumps

Surely the sale of sour pickles must have dropped terribly the past few months while the mumps rage on and on in Sedalia. Everybody from the new baby to grandpa seems to be having them, with whole families of swelled jaws—but when the rumor got to Fido, that was just too much. "Even the dogs are having them mumps," somebody said. "They can't even bark."

We had been told that people who had had the mumps were having them again, some two and three times and practically everybody seemed to be just getting over them, or somebody in their family had had them, so when we were told that the dogs were having them, too, we had to know the truth.

According to a veterinarian, dogs do not have mumps. They have lymphadenitis, which affects the saliva and lymph glands. After all, that is something to be thankful for. Dogs don't have people who have lymphadenitis and in addition to having it had to go around telling people what they had, trying to pronounce that jawbreaker—they would probably end up with a bad case of lockjaw.

Greeting From Fred A. Kueck

Fred A. Kueck, former Sedalian now employed in Chicago, has written to one of his old friends in Sedalia, Judge Harry O. Berry, in which he enclosed a St. Patrick's day greeting card along with a menu printed in Irish green.

The menu is from the Toffenetti Restaurants, with which Mr. Kueck is connected. On the front is "Tis a Great Day For Lassie and two shamrocks. A salutation to the Celts by Thomas D'Arcy McGee is also printed on the front of the menu.

In his letter to Judge Berry Mr. Kueck referred to seeing an old friend and former Sedalian, Ed McGurken, who is now residing with his son, Charles Edward McGurken and from time to time passes on to him his Sedalia Democrat.

He also expressed his best wishes to friends in Sedalia.

Symphony Directors Meet Friday Afternoon

Rev. H. V. Campbell, president of the Sedalia Symphony Society, has announced that there will be an important meeting of the Board of Directors of the Sedalia Symphony Society at the Chamber of Commerce, Friday afternoon at 1:30 o'clock.

Plans for the coming season will be discussed and all members of the board are urged to be present promptly at 2:00 o'clock.

Publishing Stark Papers

COLUMBIA, Mo., March 17—(AP)—The State Historical Society this week is publishing a 358-page volume of official papers of former Governor Lloyd C. Stark.

It is the tenth of a documentary series entitled "The Messages and Proclamations of the Governors of the State of Missouri."

Stark was driven into the sea and drowned.

Many relics of this venerable man were held sacred for thousands of years. A bell, one of his personal possessions, is said to be in the Museum of Arts and Sciences, in Dublin.

Although years of research have been given to the finding of unknown facts of this well known Saint they are not accepted without controversy.

Perhaps the most familiar symbols associated with Saint Patrick are the Shamrock and the color, green.

The green is symbolic of the luxuriant growth of rich green vegetation that covers the country. It is this abundance of vegetation that has caused the isle to be called the "Emerald Isle."

Saint Patrick chose the Shamrock for the Irish emblem because the three leaves were symbolic of the Trinity, Father, Son and the Holy Spirit.

Atomic Engine Plane Planned

WELLESLEY, Mass., March 17—(AP)—An atomic energy commissioner told today of air force plans for a plane that would be powered by an atomic engine.

Robert F. Bacher of the commission told a science conference celebrating the 75th anniversary of Wellesley college that this is "probably the most exciting" of new experiments with atoms.

It was announced recently that the navy was working on a nuclear engine that might enable its ships to roam the seven seas without refueling.

Bacher's speech, as released in advance of delivery, said the direction taken by the development of atomic energy will be determined by international conditions.

But he said regardless of whether tools of peace or weapons of war are made, it will mean progress in this new field because "peace-time applications of atomic energy are closely related to war-time potential."

Nine-Month Motor Licenses Are Here

Ben P. Robinson, in charge of the motor vehicle state license bureau in this county, stated today his office has now received the nine-month license tags, which may be obtained at his place of business, Second street and Kentucky avenue.

All have now been received with the exception of the 12-month licenses.

Irish Celebrate St. Patrick's Day in All Parts of the World

The patron Saint of Ireland, whose feast day is the 17th of March, is honored today in every part of the world where the Irish have penetrated. His life, to modern readers, appears romantic and adventurous, for at the early age of sixteen he was captured by pirates and was then made a slave. During his years of slavery he became a devout Christian.

Sometime later he escaped and went to France, where he entered monastic life. When directed by a vision he returned to Ireland as a missionary.

It is said he found Ireland all heathen and left it all christian. He founded over three hundred churches and personally baptized over 12,000 people.

One of the best known legends of this man is the one which represents him as charming the snakes of Ireland so that they followed him to the seashore, where they were driven into the sea and drowned.

Many relics of this venerable man were held sacred for thousands of years. A bell, one of his personal possessions, is said to be in the Museum of Arts and Sciences, in Dublin.

WASHINGTON, March 17 — Uncensored diplomatic reports indicate that the Soviet government is planning to place before the United Nations the strange case of an American citizen reported to be the leader of the anti-Russian underground in Poland and Germany.

The mysterious American, who owns a farm twelve miles outside Hillman, Minn., operates under various names including Edward F. T'Kach, Count Heinrich von Gelbe, Baron von Tanthen, Heinrich Woycho, Dr. Edouard von Rothkirch, or sometimes just Baron X.

According to associates, he is the head of the Frei Corps of Barbarossa, the name of the anti-Russian underground in parts of Poland and the Soviet zone of Germany. Baron X has raised considerable amounts of money in the United States and is reported to have smuggled arms and ammunition into the Soviet areas via Austria and Scandinavian ports. He is also reported to have terrorized Soviet officials and been a constant thorn in the side of the Russian government in these areas.

U. S. officials have made it clear, however, that Baron X has no connection whatsoever with the U. S. government. On the contrary, they have frowned on his activities and fear he may cause serious trouble between the United States and Russia.

For that reason, the state department has consistently refused any passport. His wife, who was reached by telephone at Hillman, Minn., under the name of Mrs. von Rothkirch, said that her husband had left by car and was driving to New York. She said he went away for long periods of time during which she did not hear from him. She declined to comment on his activities in Germany except to say: "I know that the Soviets have found out about him."

In Cleveland, one of von Rothkirch's lieutenants, Wilhelm Ullenhorst-Zeichmann, said that von Rothkirch was head of the Frei Corps of Barbarossa, and that he had gone back and forth to Germany without an official passport. Other quarters reported that von Rothkirch had used merchant seaman's papers.

The mysterious "baron" served for a time with the German Luftwaffe in Spain during the Spanish revolution, then entered the U. S. army after Pearl Harbor. For a time he also served as chief bosun's mate in the U. S. coast guard in a temporary, non-paying capacity. At that time he used the name T'Kach.

Where He Got The Money
In 1946, he registered under the name of Edward von Rothkirch as a lobbyist for the Central European Research Council, and was active on Capitol Hill among isolationist congressmen and congressmen of German descent.

He was also connected in 1946 with the Central European Rehabilitation association, with headquarters at 201 Division ave., in Brooklyn and headed by Father Don Odo, self-proclaimed Duke of Wurttemberg.

Some indication as to where Baron X has been able to raise his funds may be had from the fact that the assets of the Central European Rehabilitation association in the Riggs National bank jumped from \$5 to \$100,000 in less than a year in 1946-47. It is believed that some of these funds were drawn on to finance underground operations in Soviet areas in central Europe.

Baron X is reputed to have the best intelligence service inside the Russian areas — despite the large amounts of money spent on intelligence by the U. S. government since the war. He is also reported to have intimate contacts inside Czechoslovakia, Austria and Hungary.

U. S. records show that von Rothkirch's father was born in Odessa, Russia, under the name of Fred T'Kach and that his mother was also born in Odessa in 1897. Von Rothkirch himself was born in St. Paul, Minn.

Thirteen-Year-Old Father Wonders What Will Happen

PAW PAW, Mich., March 17.—In a two-room tarpaper shack behind the city dump, an increasingly desperate 13-year-old father waited today for something—anything—to happen.

Crowded into the tiny house are Carl Harvey Blake, Jr., his wife Winifred, 16, their three-week-old son and eight in-laws. Carl is jobless. There is no prospect of work despite all his efforts.

Icy March winds seep through

the cardboard-lined walls. The main diet for all the family is bread and potatoes.

"We eat 30 loaves a week," said Leo Singleton, 43, the father-in-law. His \$20 weekly earnings from a junkyard job buy little more.

The Dapers In Half

Winifred recently tore the baby's four ragged diapers in half to make them go farther. She has sacrificed her own feed to buy him canned milk.

She and Carl want above all else to remain together.

Officials were silent on the question of whether Carl would be sent back to school. Carl quit the sixth grade last year, prior to his marriage, and doesn't want to return.

were dim because Michigan law forbids issuance of a child labor permit to youths under 14.

Most everyone in this town of 2,000 is siding with the young father.

Big Enough To Work

"If he's man enough to have a kid, he's man enough to go to work," said one oldtimer.

"If I hadn't lost by old job," Carl said, "I would've made a go of it." He had worked in a pickle factory at Lawton, home of his parents, until he moved here in January.

Unpaid bills were hanging over his head—\$58 to Lakeview hospital, \$50 to the doctor, \$50 for drugs and food.

Carl, who weighs 176 pounds and is five feet, six inches tall, says he "can do anything."

Friends say he is level-headed and mature for his age.

Broadway PTA Meets Friday Afternoon

The March meeting of the Broadway P. T. A. will be Friday at 2:30 o'clock. Mrs. Richard Grey will give a home arts demonstration. A teacher luncheon will also be held starting promptly at 12 noon. Mothers are to bring a covered dish.

The executive meeting will be held at 11 o'clock preceding the luncheon. The apron sale will be held from 11:00 to 4:00 o'clock.

Jefferson School P.T.A. Meets on Friday

The Jefferson School P.T.A. will hold its regular meeting Friday afternoon at 2:30 o'clock, instead of in the evening at 7:30 as had been previously announced.

The Hubbard high school music department will present a program. An executive meeting will be held at 2:15 o'clock.

Business Houses Unlocked

The Mobile Service station, Broadway and Ohio avenue, was found unlocked as was the Cliff's Delivery Service, 703 South Ohio avenue, when police were making their regular check of downtown business houses, Wednesday night.

Ask to Remain in The United States

Forty-three Polish seamen, including two women, who jumped ship in New York in the past six months, begged Immigration officials not to return them to their homeland behind the Iron Curtain. Former crewmembers of two Polish liners are questioned by, left to right, behind desk: Father Felix Burant, chairman of New York Polish Immigration Service; Immigration Inspectors Gilbert Hall and John F. Munchie at Immigration office in Newark, N. J. The men surrendered so their cases could be handled officially. (NEA TELEPHOTO)

Girl Scouts Club Program

The Sedalia Lions club, at its noonday meeting Wednesday heard a report on the Sedalia Council of Girl Scouts activities during the year of 1948, given by Mrs. Arthur A. Studebaker, former commissioner of the Girl Scouts.

Also on the program were the Singing Girl Scouts under the direction of Mrs. A. R. Beach, who sang several numbers. Fourteen members of the twenty-girl group appeared before the club.

Mrs. Studebaker presented each member a complete report of the Sedalia Council in the form of a blotter.

Guests at the meeting were: Cliff Barr of C. W. Stephenson; Lion Bob Haines, Kansas City; of Earl Steele; Lion Tom Foster, formerly of Warrensburg; of Noel Tweet, and D. D. Baker, of Omaha, Neb., of Herbert Hall.

Shrine Honors Special Guests

A covered dish dinner was given Wednesday night at the Masonic Temple by the Sedalia Shrine Club in honor of the illustrious Potentate, Frank Newcomer, and Mrs. Newcomer, Recorder Ray E. Thornton and Mrs. Thornton, Second Ceremonial Master George W. Planet and Mrs. Planet and Marshal George W. Ryan, all of Kansas City.

The dinner was followed by the regular meeting, after which the women joined them to hear a short talk by the illustrious Potentate.

The remainder of the evening was spent in games.

The meeting was attended by about 140 Shriners and their wives.

Birthday Gift For Irishman

Patrick Terence O'Sullivan is 73 years old today. As a birthday present and because of good behavior the past fifteen days as a guest of the city, in its jail, for destruction of property, he was given a suspended sentence for the remaining fifteen days of the 30-day sentence.

Patrick told the officers he was born March 17, 1876 in Boston, Mass., just three months after his parents arrived in the United States from County Cork, Ireland. Reports from the FBI also indicate the same birthday according to the local police.

O'Sullivan was somewhat surprised when Chief of Police Edgar Neighbors had him taken to the police station from the jail and informed him he was giving him credit and releasing him to leave Sedalia. He was given some "fatherly advice" and released.

The man who claims Irish descent was sentenced to the city jail for destroying candle stick holders at the St. Patrick's Catholic church, by bending and breaking them to determine if they were brass and saleable.

Cow Hides Found

Two cow hides were found in the street at St. Louis and Mill street, about 3:00 o'clock this morning, by Clarence Crum, who resides in the vicinity.

He had been up with his father who was ill and died early this morning, and saw the hides when he walked outside his home.

The hides were taken to the police station.

Less Than Two Weeks to Enroll in ACP

Less than two weeks remain for a farm owner or operator to enroll in the Agricultural Conservation program for 1949. April 1 is the deadline for executing a farm plan of conservation practices in order to be eligible to benefit by the assistance offered under the program.

Jas. A. Harvey, Chairman of the Pettis County Agricultural Conservation Association, reminds farmers that our government is making it possible to carry out more and better soil and water conservation practices by offering to bear from one-third to one-half of the cost of approved practices carried out on Pettis county farms. Assistance is offered in connection with such essential practices as terracing, construction of waterways, terrace outlets, farm ponds, drainage ditches, diversion terraces, in addition to sweet clover green manure, seeding of sweet clover, pasture improvement, and the application of plant food and minerals to the land in the form of limestone and fertilizer.

Practices Are Needed

Harvey further points out that there is scarcely a farm in the county where one or more of these practices are not needed. Most farmers are unable to carry out all of the conservation work which is necessary to maintain fertility and control erosion measures and other conservation practices may secure valuable assistance by contacting the county committee at the county office, 209½ So. Ohio, Sedalia.

In an effort that all farm owners and operators may know about the Program, the county committee has mailed individual "Final Notices" to all those who have not as yet signed their farm plans. There are, however, new owners or operators whose names are not known to the county committee who will be contacted by mail. These persons are urged to contact the committee before the deadline date.

Remember that all farm plans must be signed by April 1, reminded Harvey.

Bill Reported 'Do Not Pass'

A bill which was before the Committee on Taxation and Revenues of the House of Representatives at Jefferson City regarding the increasing interest rates from two to four per cent for the Building and Loan companies, has been reported out "Do Not Pass."

The bill was known as H. B. 115, and before the committee of which Dan Doty, Representative from Pettis county, is a member.

Doty reported this morning that he made the motion to report the bill out with "Do Not Pass," inasmuch as it affected many small home owners and future buyers of property who would be compelled to make their loans through such agencies.

"The bill was definitely too much against the 'Little Man,'" Doty said today.

Court Finds for Plaintiff

In the attachment suit of the Auto Rental Corporation against Dale S. Wallace, in circuit court, Judge Dimmit Hoffman this morning found for the plaintiff in the sum of \$300 and issued a court order attaching personal property of Wallace.

Clothing Plant To Close Down

HARRISON, Ark., March 17—(AP)—A clothing manufacturing plant here is closing, at least for the time being, and the action was blamed on lack of business and rail transportation.

L. E. Durand, manager of the Oberman company branch, announced Wednesday the plant will be shut down as soon as the production line is clear. Layoffs have started and it is expected that all work will cease by the end of next week.

The factory, which turned out men's work pants, employed in excess of 200 persons, mostly women. The daily payroll averaged \$1,000.

Durand explained that a shortage of orders and the fact that Harrison is without direct rail communications was responsible for the shutdown. He said the plant may reopen later.

Harrison has been without a railroad since the Missouri and Arkansas line was shutdown by a strike in 1946. However, attempts are being made now to reopen a portion of the line between here and Seligman, Mo.

TRIM moved a hand to the horn button and turned off the car lights. Then they rolled slowly down the incline toward the rambling shadow of the Bar C Ranch. Beyond the gallows-like archway, the low ranch house showed no lights.

"Looks like Faye's still here," Sin said, speaking in an unnecessary whisper from the back seat. The Mercury still lowered inanimate before the house. The only cloud in the sky had floated mischievously before the moon, a cottony mask.

Trim coaxed the sedan to a quiet halt. He ceased listening to night sounds from the surrounding desert. "Still want to go through with it?" he inquired.

"Sure," Sin said, pretending she meant it.

They opened the doors and got out. John Henry caressed the automatic pressed against his stomach.

Trim led the way across the gravelled lot. The cloud chose to drift from in front of the moon and the three furtive figures seemed to spring into focus. Sin was regretting her insistence on the expedition. Her white blouse made a distinctive target under the gleaming moon.

When John Henry veered toward the front door, Trim caught his sleeve with a quick hand. He shook his head. "Never mind stirring up trouble we don't have to. Where are the horses?"

"The stable, I suppose."

"Can you two ride?"

"Well—we've ridden."

"Lead the way," said the Federal man and stood aside. Hoping he was going in the right direction, John Henry tiptoed cautiously along the front of the silent house and turned the corner. He was. The boxlike building, a half-story higher than the house, loomed in sharp outline a hundred yards away.

these parts at night searching for water."

"Oh, no!" Sin said.

"You shouldn't have told her," was John Henry's reaction.

To the south and to the west, the smooth desert had been carved into a twisted labyrinth of narrow, deep canyons, writhing snakes that turned here and there, joining and separating and losing themselves in the night shadows. A single canyon cracked the side of the rough bowl on the southwestern edge.

"I can see why you'd need a combination to find your shadow in a place like this," John Henry observed. "I feel lost already."

"That one canyon that cuts into Walking Skull—that must be the starting point. From then on it's up to your wits."

"How about it, Sin? What's the first move?"

Sin wrinkled her tan forehead and concentrated, summoning the long list of R's and L's up before her eyes. On the ride from the Bar C Ranch, they had all agreed that these must stand for right and left and the number indicated the canyon to be followed.

"R dash one," she announced triumphantly.

Trim nudged his horse forward and the Conovers followed. At the mouth of the canyon that led from Walking Skull into the Badlands, the pirate hat was outlined briefly and ludicrously against the sky for a moment.

The dark jagged walls rose higher and higher on both sides. They rode down an incline until the sky was a crooked slit of comparatively pale blue overhead, then the canyon floor leveled somewhat.

"Here we are," Trim announced.

"I'm turning right."

Sin's eyes were becoming more accustomed to the reduced light. She could see the bay ramp of the lead horse as the little man reined it into the first side canyon. Vegetation was sparse and scrawny in the gully they traveled. The floor was sand and smooth stones of all sizes. At the sides leaned great sheets of shale that had evidently crashed down from above.

PUBLIC FARM SALE

On account of failing health, I have decided to sell my well-improved 240-acre farm known as the Claude Ficken Farm, located on South 65 highway, six miles south of Sedalia, Missouri, together with all of my livestock and implements and personal property, owned by me, as listed below. The farm has been listed with Frank Monroe, real estate broker, and shown by him before day of sale. If not sold by day of sale, this farm will be sold at public auction to the highest bidder on

Wednesday, March 23rd—10 a. m. Sharp

240-ACRE FARM AT AUCTION

This is one of the best farms in this section. It consists of 240 acres of good sandy loam, every acre of which can be cultivated. Can be plowed, and the soil is not washed. Eighty acres are in blue grass, sixty acres in growing wheat, which looks fine. Entire crop goes with farm. Improvements consist of 5-room modern dwelling, built-in bath and utility room, built-in features in kitchen—hot water heater, equipped with bottle gas. Dairy barn with 24 sections, concrete New tile chicken house, 20 by 20 feet. New tile garage and milch house. One prairie in all buildings on farm. Water supply is from deep drilled well and large government pond, 14-foot deep, 100 acres of this farm are terraced and farm is well fenced.

A word to buyers: 10% down on the purchase price of farm the day of sale, and balance of money on delivery of warranty deed and possession of farm, which will be made as soon as buyer can complete deal.

THE NEW Plymouth-on display Friday

- New Beauty**
There's beauty in every sweeping new low line of it—and throughout its brilliant new interior. And this is beauty that's built on advanced engineering . . . to give you a great new automobile that handles easier, rides smoother, performs better—the greatest in a long line of great Plymouths!
- New Vision**
The greatly increased glass area is exactly where you need it—in the windshield and rear window. And the new design of the hood and the entire body gives the driver a clear, undistorted view of the road—in all directions—day or night—rain or shine! Blind spots are practically eliminated.
- New Features**
You just turn the ignition key and the engine starts! No buttons to push, no choke to pull. You save on oil and get longer engine life with new oil control piston rings and the brand-new chrome compression ring. These are just two of the great new features in the great New Plymouth.
- New Comfort**
Talk about room for comfort—the New Plymouth has it! Those famous chair-height seats are now even wider, and deeper from front to back. Long legs can stretch out and hats stay put. Diagnostically mounted rear shock absorbers reduce sideway. You can drive this car for hours and still feel fresh.

- New Safety**
Safety has always been first with Plymouth—and this new car is safer than ever! It has a lower center of gravity. It hugs the road better. A completely new body construction makes it a sturdier automobile. Body and frame are 23% more rigid. You drive with a great new sense of security.
- New Convenience**
Because of less overhang, the New Plymouth is easy to park, easy to put in the garage. Fenders flow into the body but they're separate and detachable—and it doesn't cost a fortune to repair them! Windows lift and lower easier. Doors open wide—you get in and out of this car with ease!
- New Performance**
There's brilliant new power in the engine. This comes from a newly designed cylinder head, a higher compression ratio and a new intake manifold. When you step on it, you'll instantly feel this new surge of power. Here's the best performer of all the great performing Plymouths!
- Greatest New Value**
The only way to discover all of the great new things in the great New Plymouth is to see it—to sit in it—to drive it. Do this and you'll be convinced that—feature for feature—dollar for dollar—here's the greatest value of all! Compare it to any car at any price. See it NOW!

Hal Boyle Says

By Hal Boyle

NEW YORK, March 17—(AP)—In 1897 an obscure farmer named John Nobody was kicked to death by a mule in the vicinity of Peculiar, Missouri.

Having led a fairly reasonable life without cheating anyone, this was before the days when a man filled out an income tax blank — John went to Heaven.

He quickly rose to the third assistant harp from the left in the Heavenly symphony orchestra. But John's heart wasn't in his harp. He was homesick for earth, because he had left it too suddenly.

So he pulled all the strings he could — and they weren't all on his harp — and made this plea: "Gimme a two-week vacation from Heaven, and then I'll come back and strum my harp forever and be content. But right now I'm still a powerful lonesome man."

A Good Straw Boss

Well, he had a good straw boss. The man said, scratching himself under the wing: "John, you rustle that harp good as anybody. But a lonesome man don't make group music. Go back and take your look-see and we'll keep your job here open."

Well, Mr. Nobody finally got his celestial passport okayed and plummeted down toward Missouri.

Who-o-o-o-o-o-m! Swish-h-h-h-h-h-h! An army B-36 zooming around the world with a load of dummy bombs whipped thru his long white robe, cutting it in half.

"Biggest darn bird I ever saw," whistled John. "Lucky for me he didn't have his beak open."

Something New

He landed on his old farm. Motor cars were zipping past on the highway that used to be a dirt road. Right away old John began to be a little homesick for his harp. He didn't know what a motor car was.

Along came his grandson riding on a tractor instead of following a mule. The tractor halted.

"Whoa," said the grandson, amazed. "Whurr yuh from, old man?"

"From Heaven," said John. And then as his grandson hesitated, John added testily: "Don't you believe in Heaven?"

"Can't say as I don't," said his grandson cautiously. "Is it anywhere near Washington? We been hearing more from there lately."

Wife Not Home

The young man took John to his home and apologized because his missus wasn't there.

"Went into Kansas City to see the psychiatrist," he explained shyly. "She got another complex last week — just before harvest, too."

Old John picked up a newspaper carrying a big black headline: "War Looms."

"Spain still acting up in Cuba?" he said. "We're going to have to whup her yet."

"Spain?" said the grandson. "Where you been, old man? We whupped Spain long ago. We been through Germany twice since then, and Japan, too. Now Russia's acting up."

"Russia?" said John. "Law! Where's that?"

More Wars

The grandson explained, interrupting his story only once — long enough to go down and pick up a government check from the rural postman.

"You mean we been through three big wars in the last 50 years and are looking forward to another?" said old John incredulously.

"Possibly, possibly."

Old John walked out into the fields. He hitch-hiked a ride on the next big cloud that floated by. When he got back to Heaven all the angels said: "You sure got a nice tan on your vacation, John. What was it like?"

But the old man just shook his head and said nothing. They say that ever after that, as his gnarled hands swept across his harp in the celestial choir, John Nobody always looked up. He never glanced earthward again.

Wet Forces Propose Tax

OKLAHOMA CITY, March 17—(AP)—Die-hard wet forces in the Oklahoma legislature took one last fling at easing this bone-dry state into the liquor business Wednesday by proposing a 15 per cent tax on bootleg whisky.

The levy was asked in a bill offered by a Tulsa representative, Richard Oliver, last night shortly before a House committee gave the slow death treatment to his joint resolution asking a special election on repeal.

It was the last repeal election proposal left in the legislature. The senate accepted in silence a committee report killing the other two requests for a vote on legal liquor.

The House committee was ready to kill Oliver's resolution, too, but postponed action indefinitely on his plea that "sentiment might change."

"No, it won't," said David C. Shapard, president of the United Dry Association of Oklahoma, upon hearing the report. He said his organization would not relax its vigilance against attacks on the constitutional prohibition written into Oklahoma's basic law in 1907.

Nero, War Dog, Dies From an Infection

DES MOINES, March 17—(AP)—Nero, a war dog that was denied medical benefits by the Veterans Administration, is dead.

Nero, a 6 year old German shepherd, served with the German army in World War II until he was captured by the Americans in Italy in the last days of the war. Restrained, the dog served with the Americans and received an honorable discharge.

Joe Gold, of Ames, Ia., who owned the dog, had asked the VA to help pay the veterinarian bills for treatment of Nero. The dog died from an infection.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

BALANCED FARMING Applies to ALL Farms

WE'VE told you what Balanced Farming achieves on Missouri farms... making for a better standard of living, happier homes, labor saving, increased net income... through erosion control, water management, improved soil fertility, all-year pasture, better feed and better homes. Possibly you thought your farm was the exception, that it wouldn't work for you because your farm was too large or too small.

Balanced farming applies to farms of all sizes, from 20 to 2000 acres, and to every type of farming. Cotton farmers, vegetable growers, livestock, dairy and poultry, as well as grain farmers find that Balanced Farming Methods are profitable.

These farm families take the resources at hand... resources of land, of family labor, of livestock and equipment... and make the best of those resources. That's what Balanced Farming can show you how to do. It's so simple you can hardly believe it... yet achievements speak for themselves. Farm families with a Balanced Farming program use 50 to 100 more recommended practices for their farm and home than the average Missouri farmer.

To Start A Balanced Farming Program On Your Farm See Your County Farm Agent.

The prosperity of Missouri's rural communities depends largely upon the prosperity of the farmer... as he prospers, they likewise prosper.

Balanced Farming is pointing the way to greater progress and prosperity on Missouri farms. Likewise your investor-owned, tax-paying electric, gas and water utility companies are pointing the way to greater comfort and labor saving in farm homes. These companies are proud of the part they take in pointing a better way of life to every community and farm in Missouri. Check your farm expense and ask yourself what other items do so much to make life easy and comfortable... at such little cost. This low cost is due to the efficiency of employees and sound management on the part of Missouri's investor-owned, tax-paying electric, gas and water utilities.

Poison Did Not Cause Death

OKLAHOMA CITY, March 17—(AP)—Lt. Wayne Harbott, police homicide chief, said Wednesday laboratory tests have disclosed poison had no bearing in death of former Highway Patrol Trooper Vernie A. Vogler.

"I've learned Vogler contracted yellow jaundice while serving in the South Pacific," Harbott said. "Since he has been home he has been suffering stomach disorders and had just decided to enter a hospital for treatment. It is my belief he died from an attack of heart disease aggravated by stomach ulcers."

Vogler, 39, collapsed on an Oklahoma City street last Saturday night and soon died.

THE MISSOURI ASSOCIATION OF PUBLIC UTILITIES

101 WEST HIGH STREET JEFFERSON CITY, MISSOURI

Local Red Cross Chapter Preparedness Plan

The Pettis county chapter, American Red Cross, has a disaster preparedness program, if in the event it is needed, can go into action on the spur of the moment. Probably this program is unfamiliar to many Sedalia. The local Red Cross disaster preparedness plan, as set up will be outlined in the following paragraph form. (In addition with names on file with the Red Cross are their telephone numbers, both business and personal, and street addresses, which will not be listed with names in this article.)

Committee personnel who are fully instructed as to their duties in case of disaster ever struck Sedalia in which five or more families are plunged into helplessness and suffering and as a result are in need of the basic necessities of life are: Dr. J. E. Cannaday, chairman, J. E. Norlin, assistant chairman, I. H. Reed, vice-chairman.

Roy S. Kemper, survey and shelter; John Luck, rescue; Dr. J. W. Beger, medical; Mrs. Hugh Jones, nursing; Roy Kirchhofer, feeding; Mrs. L. H. Hodges, transportation and communication; C. F. Scotten, registration and information; Teddy Finney, fund raising and public information, and the Rev. H. U. Campbell, purchase and supply.

Additional Personnel
Additional committee personnel are: Michael Wolfel, first aid; Mrs. E. F. Yancey, nurse aides; Mrs. Lawrence Brown, home nursing; Mrs. H. F. Rapp, canteen; Leslie Hale, personnel; Ross Bothwell, personnel; Mrs. Herbert Seifert, home service, and Dr. John Carlisle, first aid medical advisor.

Those in charge of outlying communities are: Mrs. Frank Parker, La Monte; H. A. Hite, Green Ridge; Mrs. Robert Beal, Hughesville; Roy Taylor, Longwood; Mary Elizabeth Tebb, Housatonia. The headquarters preferably is the Red Cross office, 1st alternate, Army.

The duties of the disaster chairman are that they must correlate and direct work of disaster committees both in advance planning and actual disaster operation. Must be responsible for all clearances concerning disaster preparedness and relief with chapter chairman and executive committee. At all times during the emergency period the person serving as chairman must be available at designated headquarters. Vice-chairman assists disaster chairman and serves as chairman in his absence.

Survey Group
On the survey committee is Harold Dean, whose duty is to survey devastated area to determine number of families affected, persons killed, homes destroyed, persons injured, homes damaged and special problems of relief, communication and transportation. This will be reported to the disaster chairman. Subsequent surveys would be made as needed.

The Red Cross will not duplicate, but will use all available resources, including the Emergency Medical Service of the Local Defense Council in medical aid. Dr. H. A. Hite of Green Ridge is responsible for first aiders.

Arrangement for hospital facilities in case of disaster should be made with J. C. Franks. In charge of 120 beds at the Bothwell hospital would be Miss Ruth Fitzgerald, and in charge of 40 beds at City Hospital No. 2 is Mrs. Vina Emerson. Facilities for emergency hospitals are located at the Convention hall with General J. C. McLaughlin in charge, Army with Lt. Col. James M. Blue and Leslie Hale, responsible, and further facilities at the Fair Grounds and buildings under Roy S. Kemper. Ambulances would be available from McLaughlin's, Gillespie's and Ewings. Medical supplies would be obtained from W. E. Bard.

Feeding Centers
If disaster strikes, assist and cooperate with local physicians and nurses and provide supplementary supplies and equipment needed, and requisition, prepare and serve food for disaster sufferers, and collect and dispense donated food. Feeding centers would be at the State Fair Grounds, and at the Bothwell hotel with 27 persons appointed in the canteen service.

A survey shows accommodations for 1,000 persons in private homes, and mass shelters if needed have room for 1,000 persons at the fair grounds. There are 500 cots available and 150 blankets also at the fair grounds. Mrs. Eula R. Spencer, is the executive secretary for clothing distribution which would be at the Red Cross office.

There are 12 drivers with motor vehicles available. In charge of transportation and communication are Mrs. L. H. Hodges, A. E. Duff, and C. G. Wilson.

Telephone Communications
Telephone officials are Z. Lyle Brown, Herbert Pendleton, and W. G. Hoffman, and responsible for registration and information are Clyde Heynen and Bryan Howe.

If disaster strikes, issue information to press and radio regarding scope of disaster and action taken. Organize and conduct fund campaign according to need. Newspapers, contact: Sedalia-Democrat-Capital, and Radio station, KIRO.

Frank Bryant is a member of the Central Purchase and Supply. Notifications of disasters should be given to the mayor and county commissioners. Chapter chairman or disaster chairman should notify area office immediately by telephone or wire, giving such information as number of persons killed, number injured, number homes destroyed, and number homes damaged. Make subsequent reports as necessary. Inform public officials that Red Cross is assuming responsibility and request public announcement.

designating Red Cross as official relief agency.

Persons To Call
A distribution of disaster plan should be presented to all committee personnel, and to the area office at St. Louis. Public offices in which copy of plan is placed is disaster headquarters and Red Cross office.

Here are the persons, who should be called in case of a Sedalia disaster: Mrs. Eula R. Spencer, executive secretary, Phillip McLaughlin, chapter chairman, Mrs. Harold Dean, chairman VSS, Dr. J. M. Cannaday, and J. E. Norlin, chairman of disaster.

Okla. A. & M. Breezes Past The Huskers

Will Represent the Western Basketball NCAA Playoffs

By Skipper Patrick
KANSAS CITY, March 17—(AP)—It took a long time, but Oklahoma A&M finally got into the National Collegiate Athletic association's western basketball playoffs.

Coach Henry (Hank) Iba's Aggies, No. 2 team in the final national ratings and first defensively, qualified for the fifth district spot in the Western by breezing past Nebraska's Cornhuskers, 52-35 last night.

Finals in Seattle
Arkansas, Wyoming and Oregon State previously qualified for the Western meet, prerequisite to the National NCAA finals in Seattle, Wash., next week.

Completion of the western field was delayed by a tie between Oklahoma university and Nebraska for the Big Seven crown, necessitating a conference playoff. The Cornhuskers won the conference playoff, 57-36 Monday.

The eastern representative to the Seattle meet will be decided at New York City Monday and

SPORTS

8 THE SEDALIA DEMOCRAT Sedalia, Mo., Thursday, March 17, 1949

Tuesday. Paired in the first round at Madison Square Garden will be Illinois and Yale and Kentucky and Villanova.

Iba's Aggies, twice national champions and winners of eight undisputed Missouri Valley conference titles, meet Wyoming, the 1943 NCAA crown bearers, in the opening first round game here at 8 p. m. (CST) tomorrow, Oregon State and Arkansas follow at 9:30.

Brilliant Defense
The Aggies combined one of their better scoring games of the winter with their usual brilliant defense in blasting Nebraska.

Bob Harris, Oklahoma's 6-foot 7-inch center, scored two fielders in the first minute of play and from that point it was apparent to the estimated 9,000 fans that Iba had his sixth team qualified for the western playoffs.

Harris got 20 points, second high score for an Aggie in their season of 20 victories and 4 losses. Harris also has the best mark of 23 points, scored against Tulsa.

While the Oklahomaans, who held their opponents in 24 games to an average of 33.8 points, were enjoying one of their more productive nights they still managed to put the breaks on Nebraska's sky-scraper centers, Bus Whitehead and Bob Pierce. Whitehead, 6-9, got all the points for the center corps — two free throws.

Claude Retherford, the Big 7's leading scorer with a 12.4 average, got 14 points for Nebraska.

Coaches Amory (Slats) Gill of Oregon State and Ev Shelton of Wyoming, and an Arkansas scout, charted the A&M plays last night. Oregon State's squad arrived last

night. The Wyoming and Arkansas players were due in time for workouts today.

LaRance Brothers Win Team Match
One of the most entertaining wrestling team-tag matches seen in the local wrestling ring, was that of Wednesday night when the Canadian LaRance brothers came through to win a tough battle.

In spite of the comedy which occurred a free-for-battle came around and gave the ringers the extra thrill of the evening.

Sonny Myers, St. Joseph, and "Lucky" Simonovich, Hawaii, bowed to the short, stubby men of iron from across the border, in a match which was work from start to finish. Jules, the older of the two after beating Myers around the ring got an Indi a nelson and pinned the St. Joseph boy after 27 minutes and 32 seconds. The third fall went to Jules in the same manner but he put Simonovich's shoulders to the mat in 12 minutes and 49 seconds.

Myers won the second fall over Jules after he grabbed Johnny LaRance, and Simonovich grabbed Jules and rushed them across the canvass to crash their skulls together. A drop kick on Jules and a smother won the fall. It took 13 minutes and 34 seconds.

In the opening event, King Kong Kashey, Compton, California, beat Leonard "Red" Roberts, Atlanta, Georgia, two straight falls and in a match which nearly went by a disqualification on the part of Kashey who became angered at the referee. Kashey after getting a reverse Japanese half crab leg hold on Roberts won the first fall in 10 minutes. The same hold won for him in the second period, six minutes and 49 seconds.

Next Wednesday a Battle Royal between five young ladies of the wrestling ring will be the feature event of the card.

The opening event will bring Kashey and Myers together for a two out of three event.

Pro-Amateur Meet Ends in 3-Way Tie
WEST PALM BEACH, Florida, March 17—(AP)—The Seminole club's rich 36-hole pro-amateur golf tournament ended in a 3-way tie for first place yesterday.

Henry Ransom, veteran professional of St. Andrews, Ill., won the individual medal play tournament — played simultaneously with the pro-amateur contest — for the second consecutive year.

Skip Alexander, Southern Pines, N. C., pro, and amateur A. B. Chace, Providence, R. I., amateur George Rasmussen, of Palm Beach and Ed Furgol, Detroit; and Joseph Scheerer, Newark, N. J., with Dave Douglas, Wilmington, Del., finished with 128's for top money.

Ransom carded a 35-32—67 for a 36-hole total of 137 to pick up \$1,500 first money in the professional's tourney.

Jim Ferrier, San Francisco, placed second in the medal play with 129. He won \$1,000.

Eric Monti, Santa Monica, Calif. Lloyd Mangrum, Niles, Ill., and Cary Middlecoff, Memphis, Tenn., each received \$550 for their 139's.

Johnny Revolta, Evanston, Ill., carded a 140 to earn \$400. Sam Sneed, White Sulphur Springs, W. Va., and E. J. (Dutch) Harrison, Little Rock, Ark., picked up \$312.50 each with 141's.

Bowling Pin Setter Makes \$6,000 a Year
That's What is Made By Robt. F. Williams Of Hollywood, Calif.

By James P. Hackett
ATLANTIC CITY, March 17—(AP)—Ordinarily, you'd figure setting pins in a bowling alley is a lowly job.

Pretty hard on the back. Little future. Little money in it. You are wrong.

Meet Robert F. Williams of Hollywood, Calif. He has earned \$6,000 a year for the past 10 years. Right now he's setting pins at the American Bowling Congress tournament.

In ABC Tourney
Williams took leave from his job as a pin setter in Detroit just to take part in the ABC tournament. At Detroit he earned an average of \$16 a day. For tournament work, he makes a maximum of \$15 a day.

He doesn't mind the smaller fee. He never worked in the east before.

"I thought this would be a good opportunity to see this part of the country," he said. "Besides, I sort of like doing a bit in the ABC."

Williams is 44. The father of three children. He has only one arm. The left arm was snapped off by a guy wire 28 years ago when Williams worked as a tree topper in an Oregon lumber camp.

He's Plenty Fast
He's as fast, and sometimes faster, than a pin setter who uses two hands. Williams scoops up the ball and puts it on the return rack in one motion. He lifts three pins at a time in filling the setting machine used in the tournament.

Williams can set pins at a rate of 20 games an hour. That means he picks up and resets 2,400 pins an hour. The most games he has set up in one day is 211. He earned better than \$22 that day.

On that day he handled 25,320 pins. Add to that the number of times he picked up a 16-pound ball and put it on the return rack.

Tired? Well, as Williams puts it: "It's a living and a good one."

As for the tournament, there was no change in the standings yesterday. Four bowlers got into the high 600's in singles but couldn't crack the first ten.

Cecil Simpson of Tulsa, Okla. had 667.

Free "Hack" Service For Basketball Girls
ST. JOSEPH, Mo., March 17—(AP)—Players in the women's National AAU Basketball tournament here next week will get free hack service in a 100-year-old stage coach. Lew Calvert, owner, will operate the horse-drawn coach between Hotel Robidoux, where many of the players will live, and the municipal auditorium, site of the tournament.

4-H Hustlers Meet
The South Abell 4-H Hustlers held their regular meeting March 9. The meeting was opened by the president, Emmett Fairfax, leading in repeating the 4-H club pledge. Roll call was answered by members showing their baby picture. The 4-H Farm Youth Exchange plan was discussed. Demonstrations and talk were given on gardening, first aid, and grooming. There were 19 members, four leaders and six parents and visitors present.

The next meeting will be April 1.

**Deep Cut On
Appropriations**

**Almost Million
Slashed Off The
Emergency Bill**

JEFFERSON CITY, March 17—(AP)—Almost a million dollars was whacked off a House passed emergency appropriation bill by the Senate appropriations committee late Wednesday.

Amounts for old age pensions, direct relief and welfare administration were sliced more than 50 per cent.

Funds for the St. Louis training school for feeble-minded and the St. Louis state hospital also were cut more than half by the Senate's economy minded committee.

The funds provided by the bill are to supplement state agency allotments for the rest of the fiscal year which ends June 30.

Old Age pension funds were cut exactly in half—from \$100,000 to \$50,000, aid to dependent children fared better. It was reduced \$50,000 from \$375,000 to \$325,000.

Direct relief allotments were more than halved. They were reduced from \$850,000 to \$400,000.

Money for administering the welfare program was cut from \$125,000 to \$25,000.

The St. Louis training school funds were cut from \$165,000 to \$90,000. The St. Louis state hospital reduction was \$304,100 from \$584,100 to \$280,000.

The Senate committee, however, gave Gov. Forrest Smith money he had requested for putting an elevator and air conditioning in the governor's mansion.

The senators added \$30,000 for these purposes and to repair the mansion's laundry room floor.

As passed by the House early in this session, the emergency bill carried a total of \$3,503,757.

The total Senate committee reduction amounted to \$939,000. The bill now allots a total of \$2,564,757.

It now is in position for consideration by the Senate, probably tomorrow.

**Hopkins Top at
White House**

WASHINGTON, March 17—(AP)—The highest ranking officer at the White House right now is William J. Hopkins, 38, a native of Netawaka, Kas., and a graduate of the Chilocco, Mo., Business college.

As senior executive clerk in charge of the executive offices, Hopkins is boss while most of the higher-ups are with President Truman at Key West, Fla.

It's been a long time since anyone of Hopkins' rank has been the top man at the White House.

The president usually leaves one of his secretaries here as chief liaison when he is away. Clark M. Clifford, special counsel to Mr. Truman, probably would have had the job this time, but Clifford was just discharged from a hospital yesterday after undergoing a minor operation.

Hopkins has been a government employee for 20 years. He became a clerk-stenographer at the White House in 1931, and in July, 1943, was made one of the two executive clerks.

**Wants His Bath
Closer Home**

PHILADELPHIA, March 17—(AP)—Louis Fisher says he's tired of walking two blocks every time he wants to take a bath.

Fisher told the city zoning board Tuesday that two years ago he converted his home into two apartments. He installed a bath in the rented second floor apartment, but put none in his own first floor quarters.

Whenever he felt the urge to bathe, he said, he was forced to walk two blocks to the home of a friend. Now he would like the zoning board to approve the installation of a bath closer to home.

**Kill Bill Blocking
Reorganization Plan**

JEFFERSON CITY, March 17—(AP)—Missouri will continue under its present law providing for reorganization of school districts.

That was decided on Tuesday when a House committee killed, 11-7, a bill which critics charged would have blocked the entire reorganization program.

The reorganization law was passed after a bitter fight last session. It sets up machinery for county boards of education to redistrict counties into larger, more efficient school units.

A majority of all the people voting is required before the reorganization goes into effect. But under the rejected bill, any school district voting against consolidation with other districts could have blocked reorganization.

Garage Caught Fire

A garage ablaze at 319 East Main street caused a call to the fire department Wednesday afternoon at 12:07 o'clock. J. T. Robinson who has a small shop in the building attributed its origin to a spark from an electric welder which set fire to some rubbish. Only slight damage resulted.

**Hatchery Production
Largest on Record**

WASHINGTON, March 17—(AP)—There ought to be a lot of chickens to eat this spring and summer.

The agriculture department reported Wednesday commercial hatchery production of baby chicks in February was the largest on record. The output for the January-February period is 50 per cent above a year ago. Furthermore, eggs in incubators March 1 were 27 per cent larger than a year ago, and bookings for delivery in April were 33 per cent larger than a year ago.

**Union Butchers 'Got
Tired of Walking'**

HARRISON, Ark., March 17—(AP)—A group of union butchers who "got tired of walking" has called off a two-months old strike here.

Members of the Meat Cutters Local No. 278 struck January 10 for a wage contract. The six stores against which the strike was directed continued business.

Union President Hugh Ozier announced ending of the strike.

The reason, says Ozier, the butchers "just got tired of walking."

**Seek Cause of
Oakland Fire**

OAKLAND, Calif., March 17—(AP)—The army and FBI Wednesday sought cause of a spectacular fire that destroyed a huge army pier warehouse and all its contents early yesterday.

Military authorities at first estimated the loss at \$1,000,000. However Maj. Gen. James A. Lester, San Francisco port commander, said later that figure might be too high.

The blaze was discovered shortly after midnight. The 1,000-foot warehouse, filled with supplies for Okinawa and Japan, quickly turned into a mass of flames. Thousands of oil drums exploded, pouring flaming fuel onto the blaze.

A three-man army board was named to investigate the fire. One man was picked up by the army and questioned by the FBI but was released.

ved by Mrs. Milton Bopp and Mrs.
Gert ude Bucher.

The next meeting will be Tues-
day night, March 29 at the school
house. All members are asked to
finish enrollment cards.

Loveland Club Has Food Quiz

The Loveland Club met in reg-
ular session at the home of Mrs.
Roy Patter, March 10. The morn-
ing was spent in the preparing of
two new dishes, namely, "fruit
short cake" and "oak hill pota-
toes" by the food leaders, Mrs.
Pollard Wood, and Mrs. N. A.
Cook which was served at the
noonday meal with a contributive
dinner to 10 members and one
visitor, Mrs. Ad Johnson.

The afternoon meeting was
opened by the president, Mrs. El-
mer Curtis. Roll call was an-
swered with "something new I
would like for my home."

The Club expressed their regret
of the loss of the home economics
leader, Miss Esther Dilsaver, who
was recently married.

A food quiz was conducted by
Mrs. Wood. Several nice and use-
ful gifts were received and appre-
ciated by the hostess.

Block Vote On Air Force Bill

WASHINGTON, March 17—(AP)—
Angered by a maneuver that
blocked a vote on an anti-segrega-
tion proposal, Rep. Marcantonio
(ALP-NY) Wednesday temporarily
blocked House passage of a
70-group air force bill.

The New Yorker demanded that
the bill be formally engrossed and
read in that form. Formally en-
grossing a bill normally is an
overnight job.

The bill probably will be passed
next Monday. It had been under
debate for several hours and was
ready for a vote to send it to the
Senate when Marcantonio raised
the technicality.

The bill also would put a ceil-
ing strength of 837,600 men on the

Custody Of Son He Believed Dead

KLAMATH FALLS, Ore., Mar.
17—(AP)—A Missouri father has
won custody of a son he believed
dead.

Dean Willard Brown, Newburg,
Mo., told Circuit Judge David R.
Vandenberg he had been told
Jackie Lee Brown, now 10 months
old, had been born dead. When he
learned the child was alive, he
sought its custody through a writ
of habeas corpus served on his di-
vorcee wife, Lois Helen Brown
who had moved here before the
child's birth.

Judge Vandenberg's ruling, is-
sued late Tuesday in effect up-
held the Missouri divorce decree
which granted Brown custody of
the couple's children. There are
two other young sons.

Mrs. Brown did not contest the
divorce in Missouri. Jackie Lee,
who was born here, had been re-
leased for adoption to Mr. and
Mrs. Frank J. Renner of (5739
Morse Ave.) Oakland, Calif. They
returned him to Klamath county
juvenile authorities when the court
action was started.

MILNOT is wonderful on cereal!

Just use Milnot as it comes from the container. If you prefer, use Milnot half-strength, or as a topping with milk. However you use Milnot on your morning cereal, you'll rave about its country-fresh natural flavor!

And whatever you do, use Milnot in your coffee... taste how that fresh-as-can-be flavor makes a good cup of coffee even better!

Matter of fact, use Milnot in all cooking, wherever you use milk, expensive cream, whipping cream, a canned or evaporated milk. You can use it so often, for so many good-things-to-eat... all with such a little dent in your budget! It's so inexpensive... get Milnot today!

Caroline Products Co., Litchfield, Ill.

MILNOT MONEY SAVERS
Milnot-Smooth Cornbread

1 cup corn meal
1 cup flour
3 tsp. baking powder
1 tsp. salt
1 egg
1 cup diluted MILNOT (1/2 cup MILNOT and 1/2 cup water)

Sift first four ingredients well; add diluted Milnot, beaten egg and melted butter. Bake in a well-oiled shallow pan (8x10 inches) or corn-stick pans. Bake in a hot oven, 425°, about 20 minutes.

MILNOT PREFERRED TO HIGH-COST CREAM IN COFFEE!

When 797 women made the independent Milnot taste test, they were asked to taste Milnot and high-priced cream in coffee. Overwhelmingly, penny for penny... 3 out of 5 women preferred Milnot!

Green Ridge

Mrs. Verna Palmer. Mrs. W. F. Hollenbeck was hostess to the members of the Triple F. club on Wednesday afternoon at her farm home north of town. At the close of the afternoon, the members were seated at the lace-covered dining room table for refreshments of green and white, in keeping with the St. Patrick's Day holiday. Guests were: Mrs. C. A. Wisdom and daughter, Charlene, Mrs. G. T. Murphy, Mrs. H. H. Ream, Mrs. J. L. Purchase, Mrs. George Spickers and Mrs. William A. Wharton.

Mr. and Mrs. Royal Ragar were hosts at a miscellaneous shower Saturday night, at their home in Green Ridge, honoring Mr. and Mrs. George M. Dowdy, who were recently married. Other hosts were Mr. and Mrs. Bill Heibner, Mr. and Mrs. Russell Ream, Mr. and Mrs. Emory Brown and Mr. and Mrs. Roy Ragar. Refreshments of cold drinks and cookies were served by the hostess.

Mr. and Mrs. C. A. Wisdom and daughter, Charlene, were guests Sunday in the home of Mr. Wisdom's parents, Mr. and Mrs. W. Wisdom, in Lincoln. The occasion was Mr. W. W. Wisdom's birthday anniversary. He was honored with a dinner. Other guests were Mr. and Mrs. W. W. Wisdom, Jr., of Tipton, and Mrs. Anne Humphrey Wisdom, of the home.

Mr. and Mrs. Carl Ragar, accompanied by Mrs. Hugh Marshall, of Sedalia, drove to Derby, Iowa, on Saturday, where they were guests in the home of Mrs. Ragar's and Mrs. Marshall's brother, Leonard DeJarnett, and Mrs. DeJarnett. Mr. DeJarnett has been in the hospital, but has returned to his home. The Ragars and Mrs. Marshall returned to their homes Sunday evening.

Mr. and Mrs. Eldon Wharton, of Wichita, Kas., have been visiting for the past week in the home of Mrs. Wharton's mother, Mrs. Anne Veach, and other relatives, in the Green Ridge community. Chowder For Saint Pat's

SAY IT WITH SPUDS . . . Irish Chowder

By Cecily Brownstone
Associated Press Food Editor

Fine for both Lent and St. Patrick's day are the dishes pictured here. Ireland's own potato goes into the chowder and helps to make a hearty, delicious and nutritious soup. Serve it with crisp, buttered potatoes, topped with poppy seed and then popped into the oven to heat.

Potato Chowder
Ingredients: 4 slices bacon, 1 medium onion (sliced), 1 quart diced potatoes, 1 1/2 cups water, 1 teaspoon salt (or more to suit taste), 1/4 teaspoon pepper, 1 teaspoon celery salt, 1/2 teaspoon dry mustard, 1/4 teaspoon leaf thyme (crumbled), 1 quart milk, 1 teaspoon minced chives or parsley.

Method: Cook bacon in a wide bottomed pan over low heat until lightly browned; remove from pan. Put onions in skillet in bacon fat left in pan until tender. Add potatoes, water, salt, pepper, celery salt, dry mustard and thyme. Cover, bring to a boil and simmer until potatoes are soft — about 25 minutes. Add milk, diced bacon and heat gently; do not boil. Sprinkle soup with chives or parsley after putting soup in tureen or individual bowls. 8 to 10 servings.

Seafood Pie With Biscuit Topping

Ingredients: 1 pound white fish (fresh or frozen), 1/4 cup butter or margarine, 2 tablespoons minced onion, 1/2 bunch water cress, 1/4 cup all-purpose flour, 2 cups milk, 1 three-ounce can sliced broiled mushrooms, 1 five-ounce can shrimp, 1 teaspoon salt, 1/4 teaspoon paprika, dash pepper, 1/4 cup grated American cheese, 2 cups biscuit mix, 3 tablespoons milk (about).

Method: Steam fish over boiling water until it flakes readily, about 10 minutes. Meanwhile melt butter or margarine in saucepan over moderate heat. Add onion. Cut water cress stems in 1/4-inch lengths and add to onion. Cook about 2 minutes. Add flour and stir well. Add milk, broth from cans of mushrooms and shrimp, and salt, paprika and pepper. Cook, stirring constantly, until sauce thickens.

PROVIDENCE — (AP) — Harvey Fraser, center of the Providence Reds, recently scored eight points in a game—three goals and five assists—to tie the league total for a single contest. Bob Gracie and Bobby Walton both tallied eight points in the game, on Feb. 24, 1945, while playing for Pittsburgh.

In the United States in 1948, the Salvation Army conducted a total of 676,000 meetings and 100,000 open-air services.

Socialist Government Expects to Return

By DEWITT MACKENZIE
 AP Foreign Affairs Analyst

Britain's first Socialist government has been favored with so many smiles by fortune that the party now feels able to claim it will return to power in the general election scheduled for next year.

As things stand now it would be difficult to controvert this prediction. Certainly it's clear that John Bull's famous Winston Churchill will have to perform the hat trick if he makes a comeback and regains the prime ministership for the Conservative party.

The Socialists felt they had turned the corner a fortnight ago when they won the by-election in the strategic constituency of South Hammersmith, London, and thus retained the seat in Parliament. This election was considered so vital that Churchill went all-out

in campaigning for the Conservative candidate. The old maestro called on the voters to lead the "way out of the Socialist quagmire"—but they couldn't deliver the goods.

31st Seat

This was the thirty-first seat the Socialists had defended successfully since they defeated the Conservative party under Churchill as the war was ending. Now they have added another to this formidable list by capturing the St. Pancras district of London. This long winning streak is a record for Britain.

Francis Williams, former public relations adviser to Prime Minister Attlee, told some of use here in New York the other day that by election figures make it practically certain that labor (the socialists) will be returned in the next general election. He thought that perhaps the party would have a slightly reduced majority, but

that it would be large enough for working operations.

Williams is a shrewd observer and knows his British politics. I first met him while visiting Britain in 1945, shortly after the Socialists came to power. He then was adviser to the prime minister, with whom I had a long conversation. During that talk Mr. Attlee told me of his plans for Socialism.

It is worthy of note by the way, that the program which Attlee then outlined to me has been followed closely. In other words, the Socialists know what they were shooting for.

That program, of course, has represented a tremendous turnover for England, since a very considerable degree of nationalization has been carried out. This includes coal mining, the Bank of England, electric power, communications, and transportation. The all important steel industry is in process of being nationalized. Most controversial of all has been the socialization of medicine, covering all sorts of treatment.

Public Gets A Sample

So the public has had a comprehensive sample of socialist wares.

And the government figures that, since a majority of the voters continue to express approval in by-elections, they must be willing to carry on.

Whether that is true remains to be demonstrated. There are indications that a wholesale continuation might produce a adverse reaction.

In this connection Mr. Williams says he believes the next five year plan will include much less nationalization than has been carried out in the first period. He thinks the new program will center on industrial democracy, that is, with workers having more importance in relation to management.

Naturally events might produce a sharp change in political trends before the next general election. However, this much we can say:

That election bids fair to be one of the most volatile England ever has known. It will determine whether socialism, as demonstrated in the trial, is to be formally approved or whether there is to be a reversion to a more conservative form of government.

In short, Britain's very way of life will be at stake.

Horace Mann PTA Meeting Friday

The Parent-Teacher Association of the Horace Mann school, will meet Friday at 2:30 o'clock in the school auditorium.

Mrs. Glenn Stewart will give the Lenten devotional for the meeting. The third grade will give the program under the direction of their teacher, Mrs. T. O. Harris. There will be two picture shows by the principal, P. A. Sillers. There will be an executive meeting preceding the program in the office at 2:00 o'clock.

"NO LONGER NERVOUS!"

Switching to
Famous Cereal Drink
Brings Natural Relief

Irritable?... Can't enjoy life fully?... People everywhere—people who once suffered just as you do—have found the answer in switching from coffee and tea to POSTUM.

EXAMPLE: A woman in New York City writes this sincere and moving letter: "My switch to POSTUM has given me a new lease on life! I no longer fear the sleepless nights and the nervous tired feeling that made life a bore!"

SCIENTIFIC FACTS: Both coffee and tea contain *caffeine*—a drug—a nerve stimulant! So while many people can drink coffee or tea without ill-effect, others suffer nervousness, indigestion, sleepless nights. But POSTUM contains no caffeine or other drug—nothing that can possibly cause nervousness, indigestion, sleeplessness!

MAKE THIS TEST: Buy INSTANT POSTUM today—drink POSTUM exclusively for 30 days. See if POSTUM doesn't help you, too, to sleep better, feel better, enjoy life more!

INSTANT POSTUM—A Vigorous Drink made from Healthful Wheat and Bran. A Product of General Foods.

Indict Miss Coplon Again

Accused With Russian Of Theft Of Secrets

WASHINGTON, March 17—(AP)—A young woman government worker, already charged with passing data to a Russian agent, Wednesday was indicted for stealing secrets from Justice department files.

The indictment was returned by a District of Columbia grand jury against Judith Coplon, 27-year old Brooklyn-born brunette employed until recently in the Justice department's alien registration section.

She and Valentin A. Gubichev, Soviet engineer employed at United Nations headquarters in New York, were indicted in New York a week ago on espionage charges. Miss Coplon now is free in New York on \$20,000 bond. Justice department officials said she will be taken into custody again and brought here to answer the new indictment.

The New York indictment charges the 32-year-old Russian and Miss Coplon with conspiring to pass to a "foreign power" United States defense and intelligence secrets.

Has Two Counts
Wednesday's indictment against Miss Coplon contained two counts—(a) that she obtained secret data from Justice files, and (b) that she concealed and removed them.

The information taken, it was charged, were "certain extracts and summaries of reports of the FBI, known as data slips containing intelligence reports relating to espionage and counter-espionage activities in the United States."

This means data about spies operating in this country and the highly-secret work of agents of this government seeking to combat the activities of the spies.

If convicted of the New York charges Miss Coplon could get a maximum penalty of 35 years in prison and \$20,000 fine. Gubichev's maximum penalty on conviction would be 15 years and \$20,000 fine.

Under the new charges here the woman could get a maximum 13 years and \$12,000 fine.

The combined maximum for Miss Coplon under both indictments would be 48 years and \$32,000 fine. However, it is seldom a maximum penalty is given on conviction of a number of closely-related charges.

Iran Fearful Of Invasion By Forces Of Russians

By J. M. Roberts, Jr.
AP Foreign Affairs Analyst
Fear of a Russian invasion is being expressed in Iranian official circles.

They say the Russian propaganda campaign, accusing Iran of letting herself become a base for American activities, may be an attempt to establish an excuse for invoking an old treaty providing for Soviet military intervention if she is threatened through Iran.

The treaty was made after World War I when Russia feared the Middle East land bridge might be used by the western powers for another of the small invasions by which they tried, for a time, to block the Red revolution. The Iranians claim that it has been outdated by subsequent agreements and the United Nations Charter. But they apparently fear that Russia might make just enough of a showing under the treaty to interfere with prompt western action if a new occupation were attempted.

Communists Outlawed
Russian interests in Iran have been taking it on the chin ever since United Nations pressure forced her to live up to her wartime agreement to remove her troops after the fighting ended. The only Communist-controlled political party has been outlawed. Without the presence of Russian troops, a Communist-inspired secession movement in northern Iran has faded.

Iran has tied herself closer and closer to the United States through acceptance of loans, military supplies, and advisory missions. She is starting an important economic development program with American aid. Ship loads of American munitions are arriving.

This undoubtedly makes Russia nervous. She is doing whatever she can to spread fear in Iran that the benefits of these American ties are not worth the danger. Widespread speculation as to future Soviet policies because of recent governmental shakeups provides a neat background for this fear propaganda.

Doubt Risk Be Taken
But any suggestion that Russia is about to take the risks involved in military occupation of a free country is open to serious doubt. It has been two years since proclamation of the Truman doctrine against further Communist expansion. In that time Russia has made no overt move outside the sphere her troops occupied during the war. She made a drastic "consolidation" move in Czechoslovakia, tightened the reins on Finland and blockaded Berlin. But it is the shadow of the Red army which she has been using, not the body.

In the meantime, the west has been growing stronger militarily and economically, and in determination to block further Russian expansion.

Trygve Lie, secretary general of the United Nations, has chosen this time to issue a warning that if the present east-west conflict is continued indefinitely, it will lead to war.

But all the indications are that both sides are being very careful to keep it a "cold war" for now. It could be that Iran is exaggerating her fears to make sure that, in the new attention being paid to European defense under the Atlantic Alliance, her interests are not forgotten. Turkey has been trying to make sure of that, too. They may have note Winston Churchill's admission that, under pressure of many wartime matters, the British forgot Crete.

Propose More For Mileage

JEFFERSON CITY, March 17—(AP)—A Senate committee approved Wednesday bills increasing the mileage allowances for sheriffs in third and fourth class counties.

The measures, introduced by Senators Harry Revercomb (D) of Shelby and W. R. Walker (R) of Carrollton, would hike the present five cents a mile allowance up to but not more than ten cents. A \$100 a month limit would be placed on mileage of third class county sheriffs and a \$75 limit on those in fourth class counties.

J. D. Scott, sheriff of Mississippi county, said under the present restriction, it costs sheriffs money to turn in prisoners.

"I can't see why any man wants to be sheriff when it costs him money," the sheriff said.

The committee also approved a bill hiking salaries of county treasurers.

It provides for compensation of five mills on each \$100 assessed valuation of the county. A top of \$1,000 a year is placed on the wage boost.

The treasurer get the additional money for helping the county clerk prepare school warrants.

H. B. Clarkson, Marion county treasurer, said treasurers have received no pay increase for ten years. But the work has increased and the cost of living has gone up.

Under the bill, he said, some of the smaller county treasurers probably would get more than \$200 or \$300 more a year.
